

### QUICK PRODUCT OVERVIEW

#### PROTEE UNITED - THE GOLF COMPANY

ProTee United BV is a privately owned Global golf technology company specialized in developing, manufacturing and worldwide distributing of professional 3D Golf Simulation systems for home and commercial use. We have been producing Golf Simulator products since 2001, and have many satisfied customers throughout the world. We have an excellent reputation for quality, reliability, and service, and all our products are designed, engineered, and manufactured in The Netherlands. ProTee United is represented in many countries world wide. Our clients are indoor golf centres, golf training facilities, sport centres, golf shops, hotels, congress centres, airports, sport events, rental companies and even private individuals - here we bring the quality of the Professional Golf Simulator right inside your very own home! ... A MUST FOR EVERY SERIOUS GOLFER!

#### THE PROTEE GOLF SIMULATOR

The ProTee Golf Simulator system is state-of-the-art and having undergone over 10,000 man hours of development it offers features at and beyond those of other systems costing 10 times as much. High speed optical sensors track the club head and ball to give an unparalleled realistic ball flight trajectory.

The system allows you to use your own golf clubs (from driver to putter) without any modification and play a complete round of golf with up to 8 players in a single flight. Play online over the internet or against the computer on worlds most famous Golf Courses.
